Equal Opportunity

Building on existing structures to improve equal opportunities at the HBK, the following services are offered on the basis of necessity as part of the PhD program:

a) Childcare: professors and PhD candidates should be supported in the pursuit of their academic careers, and family-friendliness optimized. In order to achieve this goal, childcare is guaranteed during weekend block seminars, evening events, and excursions. In some cases, support for home offices is available to allow young parents to work from home.

b) Career Counseling: Program fellows can receive individual counseling through Dual Career.

c) Gender training: Gender training aimed specifically at program fellows is offered twice a year.

d) Further services will be created and implemented as necessary in order to provide the best possible consideration of the individual circumstances of each program fellow.

further action to be created and implemented in order to provide the best possible account of the individual circumstances of the scholarship can as needed.
